

BALI 12 DAY TRAVEL ITINERARY

DAY 1 CANGGU

We kick things off in the coolest, most up and coming part of Bali - Canggu. The streets are lined with great restaurants, hip bars and amazing shopping. Our hotel is located in the middle of all the hype, whilst also being walking distance to the beach. Here you can either try your hand at surfing or watch as everyone else does! This evening we'll meet for a sunset rooftop drink before heading to our first family included welcome dinner together.

The rest of your day will be free to chill on the beach, join a yoga lesson or catch some more waves! During dinner, we'll check out your surf images and enjoy our final night in Canggu.

DAY 9 BATUR

We'll be rising bright and early this morning to hike Mount Batur, which can only be described as otherworldly. We'll make a quick hike to get a great spot at the viewpoint where we'll catch the sunrise and drink a much deserved cup of coffee. An experience you'll never forget, you almost feel like you are on Mars! Once the sun rises we'll head over to the crater! Once on the crater's edge you'll have a 360-degree view of Batur Lake and unbelievable surrounding landscapes and villages.

DAY 10 TO PEMUTERAN

We're heading north today with our final destination being the sleepy seaside village of Pemuteran. But first, we'll stop at the incredible and hidden Banyumala waterfalls. We'll then meet a local family who will teach us all about how they have been making coffee the same way for almost 100 years! After lunch we'll head to Pemuteran where we'll hopefully catch one of those glorious Bali sunsets!

DAY 11
PEMUTERAN

Get ready for a big day of exploring Menjangan island and its surrounding reefs. In Bahasa, Menjangan means ‘deer’ so don’t be surprised when some furry friends come and have lunch beside you! The reefs are beautiful and home to an array of underwater life. Our guide is also a dive master so he will be able to help us identify all of the fish that we’re seeing! During the trip we’ll also visit the amazing Biorock Project – the largest coral planting project in the world! We finish the day with a sunset beach clean-up before enjoying a One Life exclusive happy hour by the pool.
