# ITINERARY

**Welcome to Sydney!** You'll be meeting your travel family and your guide for the first time on Monday morning, so you will need to be in Sydney by Sunday night at the latest. We'll make sure an **airport transfer** gets you to your hostel safe and sound. Landing a few days before and need extra nights at the hostel? No worries! Just let us know and we'll organise it for you. Once at the hostel, you can **relax** on the rooftop and take in that incredible view before the amazing week of adventure ahead.

 **AIRPORT PICK-UP**  **7 NIGHTS DORM ACCOMMODATION**

Time to meet the crew you'll be spending the next 7 days with! After we get to know each other in a short meet and greet session, we'll get you sorted by **organising** your **bank account, phone number** and **tax file number**. This means that you'll be all set up for your time in Australia from the start. Then, we'll explore the city on foot and show you why locals and travellers love this charming city so much. We'll end the day with a family **Welcome Dinner** at an iconic Sydney venue.

 **ADMIN SET UP**  **CITY WALKING TOUR**

Today, we'll set out to explore more of what Sydney has to offer! We start the day by learning more about Australian history and heritage, with our special private **Aboriginal Cultural Tour**. While we will still get a good look at Sydney icons such as the **Harbour Bridge** and the **Opera House**, we'll also be taking you to the lesser-known areas that the locals love. From a **cocktail-making class** to dinner at a street-food market with so many different and delicious cuisines - we'll make this a day to remember.

 **COCKTAIL MAKING**  **PRIVATE ABORIGINAL HERITAGE WALK**

It's time for the **road trip** of a lifetime! After passing through Australia's first National Park for a **waterfall** stop, you'll witness some breathtaking lookouts and coastline scenery as we drive along the **Sea Cliff Bridge** to our destination, Jervis Bay, which is famous for a couple of things. Firstly, **dolphins!** Yes that's right, you'll be spending the morning on a boat watching these majestic creatures jump alongside you. **Jervis Bay** is also famous for having the whitest sand in the world, so it only makes sense to spend some time on it!

4

 **DOLPHIN CRUISE**  **WORLDS WHITEST SAND**

5

It's been wow up to now, but today is all about you having an **Australian cultural experience**. We'll suit up for a stunning morning surf at the beautiful Seven Mile Beach, home to **Surf Camp** Australia. Catching that first wave is the best feeling and you'll remember it forever. At breakfast you'll have never surfed, but at lunch you'll be sunkissed with salt water in your hair, arguing about who was the best in the water. After Surf Camp we have a **surprise** up our sleeve before **roadtrippin'** back to the big smoke of Sydney.

 **SCENIC ROAD TRIP**  **SURF LESSON**

The time has come to start thinking about what you'll do next in Australia and we're here to help. In the morning we'll have a presentation on **working** in and **travelling** around this incredible country, so that you can make the most of your time Down Under. In the afternoon, we'll head to the iconic **Bondi Beach** to tick off another bucket list item. You'll have the chance to explore this amazing suburb, swim or laze in the sun.

Welcome to Travel is undoubtedly the best thing I did when I chose to move to Sydney, Australia. Our tour guide Tommy made us feel so welcome, prepared and cleared any anxieties our group felt. He helped bring out the best of us, filling us with confidence to continue our adventures solo. It wouldn't have been the same week without him! For those on a working visa, WTT explain and reassure on every level possible, helping you feel prepared for the year ahead and also helping to plan any itinerary for travel too. Welcome to Travel not only helped me see so much of Sydney and NSW but I also found a family in so many amazing backpackers. The experience of a lifetime and it's only been 8 days!

Not only is it great vibes for your first week in Sydney, but the support you receive is next level!!
